president minard w. stout

the university of nevada today is undergoing one of its greatest periods of expansion . . . as the state itself has grown in population and industry of all types, educational demands upon its only institution of higher learning have grown . . .

our campus can no longer encompass a small sphere of service . . . the state itself must be our campus, and its needs must be our guiding norms . . . progress in all ages has followed in the footsteps of education and enlightenment . . .

therefore, our goal must be that of leadership in progress . . . only in this way can we fulfill the true meaning of a university.

minard w. stout, president
university of nevada

to my fellow alumni:

education in primary and secondary schools and particularly in universities and all institutions of higher learning can have no greater obligation than to instill in youth a love of this great nation of ours . . .

each should leave any school with a firm belief in the institutions of our nation and the freedom which is guaranteed all under our constitution . . .

only when each and every youth carries into adult life a loyalty which will brook no compromise with the fundamentals of our nation and its basic law can we hope to retain the right to a free education . . .

this loyalty must be such that it will always inspire youth, and in an equal degree each adult, with a burning desire to support, by any sacrifices necessary, our constitution and the basic principles of equality, the right to worship and speak as we please and to work and live as we desire . . .

. . . this year the dominating power of the far west inter-collegiate skiing was definitely the nevada team . . . defeat came only in the winter carnival when injury and the loss of one of its members deflated the fighing spirit that every winner must have . . . what strength the team lacked in the downhill and slalom was amply made up in the depth of the cross country and the consistence of the jumping . . . led by ericson, crook and long, the cross country was undefeatable . . . inexperience hampered the jumpers, but their steady performance meant sure points . . . downhill and slalom was paced by bob autry and rusty crook . . . lynn johnson and braden stauts provided a strong background . . . coached ably by chelton leonard, the wolf pack had a season for the record books. . .

the smiles of coaches hugh smithwick and carl anderson are significant of the track teams tremendous improvement . . .

. . . with conference champs bert cooper, mile and two mile run; gene timmons, 880-yard run, and claude mabry, pole vaulter returning to the lineup nevada although off to a slow start gathered enough momentum to become one of the strongest teams of the far west conference... in the pole vault, javelin throw, and discus john meder proved to be the back bone of the pack . . . dave harris, a promising frosh, was a consistant point maker in the hurdles . . . john mayerhoff, don kitts, dick hughes and phil hatch added depth to the wolfpack . . . the pack took part in meets with humboldt, chico, c.o.p., cal aggies, san francisco state, and in the championship meet in sacramento . . .

Squaw and Basket has been the name of this weird tufa formation on the east side of Pyramid Lake since General John C. Fremont camped at the place over a century ago. It is one of Washoe County's oldest landmarks, and a monument to the colorful tribes which still populate this area.

Reno Chamber of Commerce

Through more than eight decades of service to the State, the University of Nevada has produced men and women who have distinguished themselves in many fields of endeavor. Their achievements stand as tributes to what this University has given them, both in practical learning and cultural understanding.

Shopping at Sewell's you'll find is a Western tradition. Ask your mother, ask your grandmother. Maybe they knew us when we first started in Tuscarora, Nevada. We've expanded, we've modernized . . . but we have never outgrown the kind of personal attention to your shopping needs that's made us a family friends since 1897.

Most of us who serve you at Sewell's were born and raised right here in the West. That helps to know what you like to buy, how you like to eat. We know the kind of seasoning you want for those barbecues, the fine but not fancy foods that make for economical good eating every day of the week.

You'll find at Sewell's all the fixings for your famous Western cooking. But we're not content merely to sell them to you . . . no, ma'am! We insist upon "Serving them up" with a warm greeting, a welcoming smile that is Western hospitality at its best.

Sincerely,

SEWELL'S

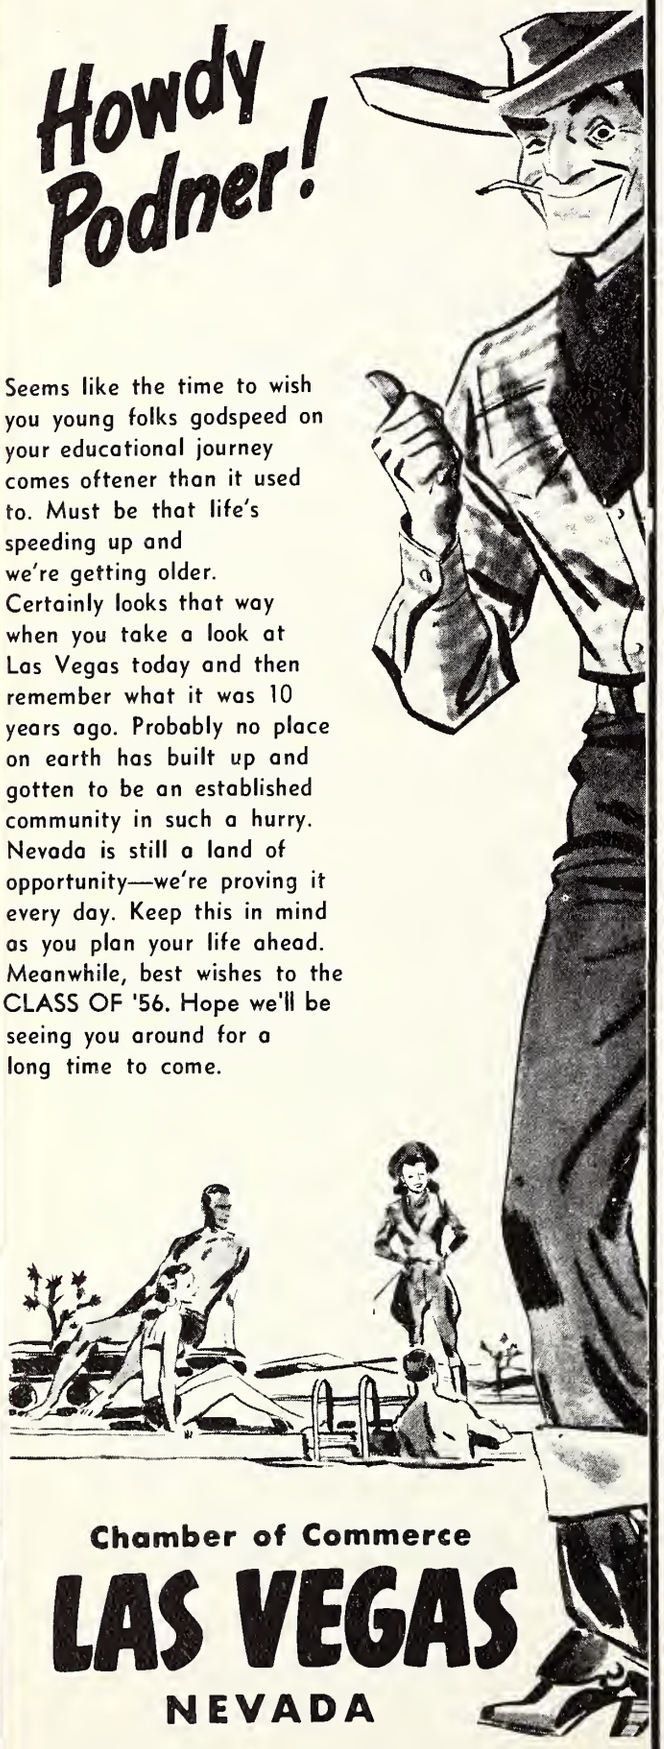
Howdy Podner!



Seems like the time to wish you young folks godspeed on your educational journey comes oftener than it used to. Must be that life's speeding up and we're getting older. Certainly looks that way when you take a look at Las Vegas today and then remember what it was 10 years ago. Probably no place on earth has built up and gotten to be an established community in such a hurry. Nevada is still a land of opportunity—we're proving it every day. Keep this in mind as you plan your life ahead. Meanwhile, best wishes to the CLASS OF '56. Hope we'll be seeing you around for a long time to come.
